

Adaptation of RoHS Directive 2015/863 Extension of the limitation of 4 additional materials

On 4 June 2015 the EU Commission published its resolution to include 4 additional materials in RoHS Directive 2015/863. These materials are as follows:

- Bis (2-ethylhexyl) phthalate (DEHP) (0.1%)
- Butyl benzyl phthalate (BBP) (0.1%)
- Dibutyl phthalate (DBP) (0.1%)
- Diisobutyl phthalate (DIBP) (0.1%)

The current publication requests the Member States to implement the new regulation by 22 June 2019.

The company Feuerherdt GmbH is aware of this adaptation and the relevant dates of implementation stipulated. We will strive to assure conformity with this new Directive.
